Nadia Boulanger: 3 Pieces for Cello and Piano
ChamberFest West's "Big Bang" 2022

Andrei Ioniță, cello
Roman Rabinovich, piano

ChamberFest West welcomes Steven Gallant as General Manager

ChamberFest West is pleased to announce Steven Gallant has joined the organization as General Manager. Steven brings a broad range of experience in non-profit management — helping to connect, grow and engage communities with arts and culture experiences.

Performance Rodeo as well as with Contemporary Calgary.

“We’re thrilled to have Steven join ChamberFest West as we look forward to presenting our second festival,” said Heather Bourne, Chair of the Board. “Our inaugural festival was a resounding success and signaled a need to develop organizational capacity quickly to continue our positive momentum.”

Born and raised in Calgary (and Hawaii), Steven is a big fan of Calgary’s varied and ever-inspiring cultural landscape — classical music, but also dance, theatre and jazz.

“ChamberFest West is a dynamic new player on the music scene — an exciting experience for fans of all genres and a significant stage for some of the world’s top artists and rising stars,” he says.

“I’m very happy to be part of this team and look forward to working closely with the Board and staff to identify and advance priorities in this second season and beyond. Chamber music is right for Calgary and its diverse population, culturally and demographically, on so many levels.”

The Chamberhood

Eleven years ago, Diana Cohen founded ChamberFest Cleveland alongside her father, lauded clarinetist Franklin Cohen. ChamberFest Cleveland is now one of the pre-eminent chamber music festivals in North America, bringing amazing musicians to Cleveland and creating what has lovingly been dubbed the "chamberhood." Diana’s husband, concert pianist Roman Rabinovich has performed in the world’s greatest halls and with some of the most exciting musicians on the scene. Roman and Diana now make their home in Calgary, where Diana serves as Concertmaster of the Calgary Philharmonic, and Roman uses Calgary as a base from which to travel.

We welcome everyone — from all communities — to join, and help build, Calgary’s own “chamberhood”.

Thank you to our audience, artists and generous supporters.
